

TECHNICAL DESCRIPTION S800-Vor1_TB_EN - 18.05.2018 - www.vs-furniture.com

Serie 800 Preliminary remark - grid system.

Series 800 element cabinets are made from melamine-resin-coated LIGNOpal chipboard with glue-on plastic or beech edge. Cabinets are available in 6 widths, 6 heights and 2 depths. One height grid (1FH) corresponds to 375 mm. Add-on cabinets are available 2FH without [1] and with [2] base for a ladder rail to be installed (cf. table). In addition, many models (without technical built-in components) can be variably shortened in the width, height and depth dimensions in five-millimetre increments and thus built for a perfect fit in all room situations.

Top shelves are placed on the side walls and thereby form a cleanly structured top cover for low cabinets.

Cabinet fronts (2 cm) and further protruding parts such as handles for example are not taken into consideration in the depth specifications.

Erection: Models from a height of 197 cm or models with drawers and/or pullouts (DGUV Regel 108-007) must be secured to the wall or floor.

The following material groups are available to choose from: Front made of LIGNOpal: L3; Body and bases made of LIGNOpal: L3; Front veneered: F1.

						
Serie 800		2	3	4	5	6
	File height (37,5)					
	Carcass without base	77,0 2FH	114,5 3FH	152,0 4FH	189,5 5FH	227,0 6FH
	Height, base 7,5 cm	84,5 2FH	122,0 3FH	159,5 4FH	197,0 5FH	234,5 6FH
	Height, base 4,0 cm	81,0 2FH	118,5 3FH	156,0 4FH	193,5 5FH	231,0 6FH
