TopMove-I Sliding board with 1 writing surface.

Sliding frame of natural-anodized extruded aluminium profile with a front panel of LIGNOpal. Steel counterbalance weights run freely, silently and maintenance-free in the body. The board can be moved vertically. Installation. The board can be used either wall (A) or floor mounted (B), free-standing (C) or mobile (D). A special installation kit is needed for lightweight walls.

Board surface of sheet steel, enclosed without screws in a rounded aluminium profile with safety corners. Sponge holder (optional) and chalk rail of natural-anodized aluminium with safety end caps attached to the board surface. Accessories. Projection surface for attachment to either the side or the middle.

The following material groups are available to choose from: Frame made of aluminium: M(anodisé); Writing surface made of steel: E2.

Further products on this page: PantoMove-LuPo, Quattro-Teach.
