## TopPilon-II Column board with 2 writing surfaces.

Column pair of naturally-anodized extruded aluminium profiles. Steel counterbalance weights run freely, silently and maintenance-free in the columns. Board surfaces move vertically between the columns. For maximum column height see table.

**Installation.** Wall-mounting. A special installation kit is needed for lightweight walls.

**Board surfaces** of vitreous enamelled steel sheet enclosed without screws in rounded aluminium section with safety corners. Chalk rail of naturally-anodised aluminium with safety side caps on the board surfaces.

**Accessories.** Projection surface at the side or in the middle. A mounting kit Model 6798 is available for lightweight walls.

The following material groups are available to choose from: Pylon made of aluminium: M(anodisé); Writing surface made of steel: E2.

Further products on this page: PantoMove-LuPo, Quattro-Teach.
